

BARAK HOOBESH

Full Stack Developer

ABOUT ME

Aspiring hard worker with extensive experience in client care, service, and sales.

I am now eager to transition into a Full stack Development position.

My background, which includes acquiring coding skills and experience in sales, equips me with a range of abilities that I believe could contribute to a dynamic development team.

WORK EXPERIENCE

- Jan 2022 - Present
WMO Marketing LTD | Herzliya
Retention Manager
 - Achieved the highest sales volume in the company for three consecutive months with an increase of 30% above the average sales manager.
 - Provided fluent and steady communication in English with clients from abroad. Identified and maximized sales opportunities, resulting in increased customer retention rates.
 - Innovated and improved the team's sales tactics and work methods with creativity. Collaborated with sales team members to seize sales opportunities.
- Oct 2014 - Dec 2021
Modan Publishers LTD | Herzliya
Frontal Sales Agent and Customer Service
 - Maximized sales opportunities with various clients seeking assistance with electronic devices.
 - Provided customer care and immediate problem-solving with clients.
 - Developed interpersonal relationships with fellow workmates, returning, and concurrent clients, maintaining a healthy work environment.
